

TRAINING BULLETIN 78

Is your organisation running any training events that other workers could benefit from?

Do you need more people to fill your training places to make them viable?

Then let the WCVYS office know and we can publicise your training in this monthly bulletin. (copy date around the 24th of the month, publish date 1st month).

Safeguarding Children e-Academy

A new course has been made available in the Safeguarding Children e-Academy Learning Management System.

Safer Working Practices

Based on the Allegations Management Handbook, this course is recommended for everyone who works with children.

The learning outcomes for this course are that the learner should have

INCREASED awareness of issues relating to allegations management;

IDENTIFIED signs of inappropriate adult behaviour towards children and young people;

GAINED confidence in challenging inappropriate behaviour;

INCREASED awareness of how to ensure children and young people we work with are protected;

UNDERSTOOD the importance of sharing information appropriately and keeping records;

UNDERSTOOD their responsibility to ensure their behaviour is professional at all times.

Members that have not purchased this course are entitled to 5, 10 or 20 free licences (depending on their membership terms). The LMS administrator should create a new group called n Free Licences Safer Working Practices, and allocate the courses to interested parties from this group.

For more information contact;

Angela Baguley, Member Support Services Administrator, Safeguarding Children e-Academy
